### Training Description:

This training focused on how earnings from work affects SSI, SSDI, Medicaid, Medicare and other public benefits such as subsidized housing and food stamps. This training also includes an extensive review of the work incentives associated with each benefit and how they can be leveraged to assist individuals with disabilities to transition into employment or increase earnings without jeopardizing benefits. This training is geared toward employment professionals, case managers, peer specialists, and rehabilitation counselors. Participants should attend both days to gain a firm understanding.

### Learning Objectives:

As a result of this training, participants will be able to:

- Verify and differentiate the various disability benefits
- Inform clients of the rules to report work income
- Explain how work earnings will impact cash, healthcare and other public benefits
- Describe how Social Security work incentives can help working beneficiaries
- Direct clients to resources to address employment and benefit needs
