In 2019, we began work on a campaign focused on addressing Boston's ever-widening racial wealth gap by working with Black and Latinx entrepreneurs to come up with action-based solutions. In March 2020, COVID-19 devastated Boston's economy, making the already visible wealth gap even more apparent. Our city, and the minority businesses that make it what it is, face unparalleled struggles.

We must consider equity in moving forward and rebuilding. In June 2020, we launched Color & Capital For Good and on June 22 we held the Color & Capital For Good virtual town hall dedicated to closing Boston's racial wealth gap.

7. **Brief description of company culture:** As the fourth-largest full-service commercial bank in Greater Boston, we are able to offer you unique opportunities for career growth throughout the organization, as well as a competitive compensation and benefits program.
As an inclusive company, we work to ensure that our valued employees are treated fairly, recognized for their individuality, and encouraged to reach their fullest potential. These values have earned us a reputation as a great place to work and provide a strong reason why you should consider a career with us.
