COMMENTS

What other disability-related information could you benefit from learning about?

Special needs trust and ABLE accounts.

Ticket to Work.

What did you like best about the training?

It was informative, interactive and very easy to ask questions.

The presenter's vast knowledge and experience with all the details. His patience with questions and knowledgeable answers.

The information was presented in such an accessible and user-friendly way without using too much agency lingo. It was digestible information that I could understand and can now bring back to the families I work with.

What did you like least about the training?

It was long, but I understand why due to the complexity of the information.

At times, it moved too quickly for me to grasp the more complicated material.

What could we have done better?

A permanent reference book would be helpful.

Give a "Basics" course and then go into Incentives and other programs. Course I and Course II.

What were the key takeaways from this session?

How you can work and not lose benefits.

Understanding the difference between SSI and SSDI and knowing that I can now explain it in simple terms to others was a huge A-ha!! moment for me, so thank you to Brian for making the information so digestible without going too far into the weeds with specifics.

Any additional feedback?

Brian was a great presenter!! His plain speak was very understandable and easy to digest, and it was clear he was super knowledgeable and experienced with this system.
